Though I never met Melinda I was deeply saddened by the news of her passing. I first contacted Melinda in 1985 thanks to information supplied to me by Mrs. Elaine Ingram Lockhart, Trinity County Clerk in Groveton, TX. We learned after corresponding that we were cousins. We wrote and talked several times on the phone and learned that we shared a common interest, researching our family trees. I would like to dedicate this section covering the Campbell Family and all families connected to it to Melinda's memory, God rest her soul. Also I'd like to thank Desiree (Melinda's Sister) whom I haven't met either for her time and effort sending me the information that I requested. Melinda's death was caused by a blunt trauma to the back. She was never married, and had no children. Occupation: she did everything, and worked very hard at it.
